

2024 National Rural Electric Cooperative

Youth Tour

What is the Rural Electric Youth Tour?

Every June as many as 1,800 high school students from across the country spend a week in the nation's capital as part of the National Rural Electric Cooperative Youth Tour. The students are sponsored by electric cooperatives, like Pella Cooperative Electric, making it an all-expense-paid trip to Washington, D.C.

Who can apply?

Pella Cooperative Electric will be sponsoring one sophomore or junior student who resides within the Pella Cooperative Electric service territory and is a cooperative member. This includes part of Jasper, Mahaska, Marion, Poweshiek, and Warren counties in Central Iowa.

When does it happen?

The 2024 Youth Tour is scheduled for the week of June 15-21!

What will you do?

Students will have a chance to learn more about electric cooperatives and American history and will come home with a great understanding of their role as an American citizen. They will also learn about the U.S. government and meet with their members of Congress. On the trip, students will also take in the sights of D.C. as they visit monuments, museums, and historical landmarks. Participating in Youth Tour is an awesome way to learn about this great nation, develop leadership skills, and make friendships that will last beyond the week. Students who go on Youth Tour call it a trip of a lifetime!

Why do we sponsor students?

Giving back to our communities and investing in the next generation of leaders is part of every electric cooperative's mission.

How do we apply?

Mail or email your completed application materials by **March 22, 2024**, to:
